Day 4

After a morning game drive, you leave Tarangire and head for the Ngorongoro Conservation Area where you spend the next 2 nights and have a chance to see the "Big 5".

You will drive through the town of Mto wa Mbu and up the escarpment. At the top is a viewpoint into Lake manyara. You proceed to Karatu where you can fill up with diesel and onto the Ngorongoro Conservation Area. As you drive up the rim of the crater you will get your first view in to the magnificent crater. After taking in the view you drive around the Eastern rim of the crater straight to Lemala Tented Camp. This lovely tented camp is just off the descent road into the crater. You have to pass through another ranger post and show them your permit. Allow 4 hours drive to get to the camp.

At the entrance gate you show them your paid permit (provided by Shaw Safaris Ltd) for 2 adults and 1 vehicle for 2 nights plus crater service fee and camping fees. You need to have them stamp the permit as "Entered".

The permit is per 24hours, so whatever time you arrive at the Loadare entrance gate, you must exit at Lodare gate by the same time 24 hours later. Any overstays are paid by you!

Day 5

After a very early breakfast you take the descent road and spend the day game-viewing within the crater. You can start driving at 6am and you will have to make the short drive back to the ranger post before you can descend). You are more likely to see the cats moving in the early hours of the morning before it gets too hot and hopefully have the crater to yourself for a few hours.

Leaving the crater floor around 4.30pm you drive up the ascent road. At the top you bear left and head for Rhino Lodge where you spend the night on a full board basis.

Day 6

Today you head for the Serengeti and descend onto the plains where you spend the next 4 nights in a combination of tented camps with en-suite bathrooms and bucket showers. The location will depend on what time of year it is.

On the way to Naabi Hill you can visit Olduvai Gorge and museum (additional cost) which shows the work of Dr Louis and Mary Leakey and the discovery of the first humanoid footprints.

At Naabi Hill entrance gate you must "exit the Ngorongoro Conservation Area" first and have your permit stamped as "exited". The booth for this is to the right of the gate. It is vital you do this otherwise they will think you are still in the NCAA and charge you extra.

You then obtain your permit for the Serengeti using your own credit card for 2 adults, 4 nights plus camping fees. You will need to show them your special campsite vouchers. The Serengeti office is in a building to the left just past the toilets.

This road is very corrugated and dusty and you need to allow 5 hours driving dependant on road conditions.
